History General Education Assessment Data
2014-2015**

Learning Outcome:

2c. Students will demonstrate an understanding of the complex issues faced by diverse groups in global and/or cross-cultural contexts

Outcome Measure:

Assessment prompt given to students in
HIS 110 World Civilizations I
HIS 111 World Civilizations II

Prompt: When you look back over this entire course, which 3 historical events (or ideas/ themes) do you think are the most important to not forget? Given what you learned from the readings and lectures, *describe and analyze each of them and explain their global significance*. Make your case for why these should always be taught in world history courses.

Criteria for Success:

Minimum average of 2.75 (out of 4) for each criteria on the analytic rubric

Longitudinal Data:

In Fall 2014, the General Education Learning Outcomes were revised. The scores below reflect data collected during Fall 2014 and Spring 2015.

History General Education (2.C) Learning Outcome Assessment Rubric – Average Student Scores

Course	Semester	N	Complexity	Well-Communicated	Evidence	Total
HIS 110	Fall 2014	22	3.41	3.00	2.77	3.06
HIS 110	Spring 2015*	32	3.53	3.50	3.44	3.49
HIS 111	Spring 2015*	28	3.21	3.00	2.86	3.02

*This data gathered by taking a random sample of students across all section of the course.

Conclusions Drawn from Data:

We are pleased that the students in our World Civilizations courses are exceeding the minimum average in all categories. However, their scores are lowest in the “Evidence” category, so we will continue to work on that aspect, and will reinforce the need for specific details and evidence in our instructions.

Changes to be Made Based on Data:

None at this time. Continue to collect data.
